Is your policy on track to meet your goals?

Dear Kenneth R Currie,

Enclosed is the annual report for your Universal Life policy containing all the activity for the past 12 months, including policy values. Please review this information to monitor and manage your policy in line with your goals and needs.

Your policy is a flexible life insurance plan that allows you to vary the premium and death benefit. It builds cash value from the premium you pay and the interest credited after the cost of insurance and expense charges are removed. If your premium payment, plus the interest credited is **less** than the amount needed to cover the cost of insurance and expenses, your cash value will decrease. If your policy's cash value is not enough to cover the cost of insurance and expenses, your policy will end.

Important information about your Universal Life policy

- You were previously notified your policy is currently in a 61-day grace period and will terminate if the minimum payment is not received by the due date. This is in addition to your premium payments.

- **You have an outstanding loan balance of $13,226.65.**
  An outstanding loan limits the amount of cash value available to fund your policy.

Options to extend your policy

1. Review your enclosed Annual Report.
2. If you have not already done so, please respond to the letter previously mailed to you and remit the minimum payment due in addition to any premiums due before the lapse date.
3. If you have any questions or if you need further assistance, please contact our Customer Service Center at (833) 522-7362.

As always, we thank you for choosing Unum as your life insurance provider. We look forward to continuing to serve you.

Sincerely,
Customer Service Center

Universal Life Annual Report

Date Prepared: 02/27/2026

POLICY NUMBER: 10000024407 **INSURED'S NAME: Kenneth R Currie**

You have a loan against your policy.

Beginning Loan Balance	$12,273.81
New Loans Processed	+ $0.00
Total Loan Payments Received	- $0.00
Loan Interest Accrued	+ $952.84
Ending Loan Balance	**$13,226.65**

Per your policy contract, your outstanding loan accrues interest daily and compounds monthly at a rate of 7.50%. Unpaid accrued loan interest will be added to your outstanding loan balance. If a claim is filed while there is an outstanding loan, the loan balance and any accrued loan interest will be deducted from the death benefit before benefits are paid.

If the amount of your loan balance exceeds your policy's cash value, your policy will end. Paying only the interest will not decrease your outstanding loan balance. We encourage you to repay your loan as quickly as possible to assist your policy in reaching maturity.

You may repay the loan in part or in full at any time by mailing a personal check or money order to PO Box 105180, Atlanta GA 30348-5180 listing your policy number and the words "loan repayment" to ensure it is applied correctly.
